HOUSE OF INDUSTRY

The Ninety-Third Annual Report of the Toronto House of Industry

For the year ending March 31st, 1930.

The 93rd Annual Meeting of the Toronto House of Industry was held in the Assembly Hall of the House on Thursday, April 24th, 1930, at 4 o'clock.

The President, Mr. Charles T. Stark, in calling the Meeting to order, thought it would be very fitting before commencing the business of the day to make some reference to the great loss which the House had sustained by the death of so many of its officers during the past year.

On July 9th, Rev. T. Crawford Brown passed away.

On November 17th one of our Trustees, Canon Hart, died.

Our Superintendent, Mr. Arthur Laughlen, after an illness of some months, passed away on January 22nd.

A month later Dr. F. LeM. Grasett, who was appointed President after the death of Rev. T. Crawford Brown, died on February 16th.

On March 18th our Treasurer, Mr. John H. Ince, died very suddenly.

The amount of time and energy given by these men can only be fully appreciated by those who have been associated with them in the work of the House of Industry.

The President then asked all present to stand and remain silent for a short time. Rev. Canon Loucks offered a prayer, especially remembering the bereaved families.

His Worship, Mayor Bert Wemp, then took the Chair.

"I wish to compliment those who have carried on the work for the past year and particularly during the past winter. I do not know of any winter for a great many years that there has been such a demand on the House as this winter. The Civic Administration have never, at any time, questioned the efficiency of your work, your wholeheartedness in supplying the needs of the unfortunate of our City and all the City says from month to month is carry on, and that, in itself, expresses the confidence of the Civic Administration in those who have been carrying on the affairs of this House. The work that has been done has been tremendous and only those who have been closely connected with the House can really appreciate the great amount of good that has been accomplished during the past five or six months. This has been the hardest winter we have had since 1843 and we are still in the lap of winter. Therefore, as Mayor of the City of Toronto, I wish to compliment you in the work you have been doing in this connection and assure you that the message from the Civic Administration is that we hope you will continue to carry on."

Reports were presented by the Honorary Secretary, Rev. Thos. H. Rogers; Board of Management; Rev. Monsignor Hand, Outdoor Relief; Mr. W. P. Hubbard, Chairman of Casual Ward Relief; F. L. Laughlen, Superintendent; Dr. Chas. J. Copp, Medical Advisor, and Financial Statement by the Honorary Treasurer, Mr. E. J. B. Duncan.

A resolution adopting the reports and that they be published for distribution among the subscribers to the work of the House, was moved by Ald. Robert Allen, seconded by Rev. W. E. Wilson, and carried unanimously.

A resolution was passed naming the membership of the Board of Managers; this being moved by Rev. Monsignor Hand, and seconded by Ex-Ald. F. R. Maxwell.

The Meeting was adjourned, after which a reception was held in the Assembly Hall.

REPORT OF BOARD OF MANAGEMENT

The Trustees and Managers have the pleasure to announce that the Institution continues to fulfill in a satisfactory manner the objects for which it was originally established. It is interesting to look back on the commencement and progress of this Charity.

In 1837 the House of Industry seemed to have first become a regular Institution, previous to that time the Poor of Toronto were entirely relieved by private charity. It is obvious that there is in all Communities a class of aged and helpless poor who must be maintained at the Public's expense.

The House was Incorporated under an Act of Parliament on August 2nd, 1851, and all property invested in 15 Trustees (names in Act) and all others who may from time to time be directed to succeed them.

At this time it is interesting to note an abstract taken from the Solicitor's Report, January, 1885:

"The House of Industry is absolute owner of the block between Elm and Edward Streets and Elizabeth and Chestnut Streets and this is the only Real Estate now owned by this House."

The Managers do not feel that poverty will ever entirely disappear from among us. When one family or individual emerges from a slough, another is pretty sure to be engulfed therein and thus are continually verified the words of our Lord: "The Poor Ye Have Always With You."

We acknowledge with pleasure the hearty co-operation of all classes of Social Workers and all classes of fellow citizens in the care and responsibility in the distribution of Relief to all who need it from this House.

Charity will never lose its true character while such men and women guide and control for the City, the Management of this Institution.

This Charitable Agency we are pleased to say, still has the financial and sympathetic assistance of His Worship, The Mayor, Civic Officials and Citizens.

Our activities are directed to:

First—The Inmates. Care of aged and destitute citizens in the Home.

Second—Outdoor Relief, extended to Unemployed Citizens, Aged Poor, Widows and other dependents upon the guidance and aid of the Community. These cases, at the request of His Worship and Members of the Board of Control, are carefully investigated by trained investigators, which precludes the unworthy from receiving Relief.

Third—Homeless men sheltered in our Casual Ward. These may be residents or wanderers from outside points, but all are relieved for a period according to the demands of the case.

We are pleased to record that through the efforts of our Superintendent 250 of this class were placed in situations, where they will be able to maintain themselves.

INMATES

237 Inmates have been cared for in the House during the past year.

Only a small proportion of the 237 are able to do any kind of work. Those who are able assist in the work of the House.

65% of the Inmates, largely through the granting of Old Age Pensions and assistance of Relatives and Friends, contribute toward their support in the House.

The total daily average number in the Home during the year was 122.

Of the total number of registered Inmates 164 were Males and 73 Females. Of this number 23 died during the year, 14 men and 9 women.

A small number of Women Inmates were able to assist with sewing, all the heavier work of the Home being performed by Casual Labor.

The cost of maintenance for the year was \$29,518.99.

The cost per Capita was 50c. per day.

OUTDOOR RELIEF

This Department of our work is concerned with the extension of Relief to distressed Families who, through Sickness, Unemployment, and other causes, are compelled to seek assistance from the City.

The number of Families receiving Outdoor Relief last year was 4,622.

Sickness in the Homes was the cause for assistance in 494 cases.

1,675 Families were assisted for the first time. 1,034 Families of Returned Men received assistance at a cost of \$56,187.56.

The cost of Outdoor Relief for the year was \$251,258.08, an average cost of \$54.34 per Family as compared with \$50.14 the previous year.

In connection with the Outdoor Relief Work 16,908 visits were made by our Investigators.

The efficiency of these visits is evidenced by the fact that 411 applicants were refused for good and sufficient reasons and thereby effecting a saving of \$22,333.74 in the year's work.

We would also draw attention to the fact that 397 Liquor Permits were held by applicants for Outdoor Relief; 158 of this number were refused assistance on account of excessive Liquor purchases where food should have been procured. 98 Liquor Permits were held in office during the time applicant received Relief.

We wish to thank the Officers of the Liquor Permit Board for their co-operation.

We would refer also to the very modest overhead expenditure, \$27,252.93, in the Administration of the work of the House for the year, this being 10.79% of all monies expended.

The three Motor Cars have been going at full capacity to cope with the regular work and emergency cases, enabling us to give assistance in all cases requiring immediate attention the same day application is made, as well as permitting our Investigators to report upon a great number of cases daily.

It affords us pleasure to once again report the splendid co-operation of the Medical Health Department, Treasury Department, the Division of Social Welfare, Neighborhood Workers' Association, Toronto Hospitals, Canadian National Institute for the Blind, the Visiting Housekeepers' Association and other Agencies engaged in Relief and Social work of the City.

WAYFARERS' LODGE

Of those who were sheltered and cared for in the Lodge 20% were homeless residents of the City, consisting of 737 persons, whilst the balance, 3,040 persons or 80%, came from Outside Municipalities.

The average daily number of casuals sheltered in the building during the three winter months was 164 per night, the average cost per meal per individual for the year being 6½c. The total number of Casuals sheltered in the Lodge for the year was 3,777. Of this number 419 refused work and were referred to Chief Draper to deal with.

250 secured permanent work through the efforts of our Superintendent, 160 on Farms, 65 Railway Work and 25 as Bush Men.

The total cost of this part of our work was \$13,478.64.

Total meals supplied 67,270.

TREASURER'S STATEMENT

There are attached to this report, the Balance Sheet at 31st March, 1930, and the Revenue Statement for the year ended that date, in which are included the figures for the previous year for comparison. The former statement shows Cash in hand \$1,567.82, as compared with an Overdraft in 1929 of \$16,704.29; and that notwithstanding there is an increase of \$34,788.29 in the Accounts receivable. The Revenue Account shows income of \$311,241.25, an increase of \$86,526.70 over 1929; and Expenditures of \$297,998.59 (including \$11,177.94 for Special Repairs) an increase of \$87,169.37 over 1929; or to put it in another way excluding unemployment Relief of which this Institution is only the disbursing agent, the income for the year is \$122,486.14, an increase of \$2,451.74 over 1929, and Expenditures \$109,243.48, an increase of \$3,094.41 over 1929, which is more than covered by the Special Repairs. The result of the year's work shows an excess of receipts over expenditures of \$13,242.66, as compared with \$13,885.32 in 1929. A further legacy of \$300 has been received from the William Ramsay Estate which has been added to the Endowment Fund.

We again desire to express our hearty thanks to Coles Limited for their generous donations from time to time of Cakes, Buns, etc., and the City Dairy Co., for Ice Cream, which were greatly appreciated by the Inmates.

We also wish to express our hearty thanks to the Consumers' Gas Company for their generous gift of 3,000 bushels of Coke for distribution amongst the Outdoor Poor.

We have to record with deep regret the great loss sustained by this House in the removal by death of the Rev. T. Crawford Brown, Rev. Canon Anthony Hart, Arthur Laughlen, Superintendent, Dr. F. LeM. Grasett, John H. Ince, Honorary Treasurer.

Rev. Crawford Brown was appointed a Manager in 1906 and Trustee in 1918. As President of the Board he devoted a great deal of time and thought to the welfare of this Institution. The value of these services was enhanced by the fact that he was Head of the British Settlement Society of Canada. It may be truly said of the Rev. T. Crawford Brown, M.A., our late lamented colleague, that he "magnified his office."

Rev. Canon Hart was appointed a Manager in 1895, Trustee in 1912, was a valuable Member and a faithful volunteer Visitor to Outdoor Poor.

We desire also to record the deep regret of every member of the Board and official of the House at the loss sustained in the death of Mr. A. Laughlen, our late Superintendent. Men who have had large experience with civic officials, place Mr. Laughlen in the very highest rank. His valuable services extended over a period of forty years. Personally he will be remembered as a man of high moral character and unimpeachable integrity.

Dr. F. LeM. Grasett was appointed a Manager in 1921, was Chairman of the Executive Committee for several years, also President of the Board for a short time and was very active in the work of the House.

John H. Ince, was appointed Manager in 1921 and gave faithful and valuable service to this House as Honorary Treasurer.

The Board wishes to record its appreciation of the splendid work and the devoted and faithful services of our Late Superintendent and his wife.

The spiritual welfare is well looked after by Ministers of the various denominations. Several City Missions also have weekly services throughout the year.

Numerous concerts and suppers have been provided by friends of the House, which contribute towards brightening the lives of the Inmates.

The Board of the House sincerely appreciates the splendid co-operation of all classes of workers and associations, and earnestly asks for further interest and help on the part of all citizens generally in carrying on this most necessary deserving work.

REV. THOMAS H. ROGERS,
Secretary

CHARLES T. STARK,
President

April 24th, 1930.

REPORT OF WAYFARERS' LODGE

1929—1930

"The influence of hard times seemed to have reached even the Casuals, these gentlemen, of whom it has been written that their life is a wonder from day to day, their breakfast a marvel, their dinner a miracle and their bed an intervention of Providence."

The Wayfarers' Lodge continues to do excellent work offering a refuge for homeless men during the winter months, thereafter they go into the various parts of the Province and work during the summer.

Upon admission to the Wayfarers' Lodge each Casual, after he has had his supper must take a warm bath and is provided with a good clean nightrobe and comfortable bed in which he sleeps until 6.30 next morning, breakfast is served at seven and work begins in the yard at eight o'clock.

HOMELESS POOR OF TORONTO

The number of Toronto citizens who found shelter at the Wayfarers' Lodge during the year, April, 1929, to April, 1930, was 737, being an increase of 5% as compared with the previous year.

The Toronto Homeless Poor were cared for continuously where necessary during the winter months. The number sheltered for the three consecutive years was 894, 705 and 737.

The total number of meals supplied was 32,423.

The total number of nights for this class of persons was 13,418, an average of 18 nights for each person for the year, or 22% of the total nights.

The cost of maintenance was \$6,499.32.

POOR FROM OTHER COUNTIES

The number of men who came from outside the City and found shelter in the Lodge was 3,040, the total number for the three consecutive years being 2,246, 2,575, and 3,040.

The total number of nights to this class was 15,559, or an average of 5.11 nights for each person in the year, or 78% of the total nights.

The total number of meals supplied was 34,847.

The cost of maintenance was \$6,979.32.

Therefore the total number of men sheltered in the Wayfarers' Lodge last year, homeless poor of Toronto, and poor from Municipalities was 3,777, the number for the three consecutive years being 3,140, 3,280 and 3,777.

Hence the total number of persons sheltered during the year was 3,777, and the total number of nights was 28,977.

The cost of the Lodge for the year was \$13,478.64.

For the three consecutive years, the cost was \$8,800.89, \$8,503.33 and \$13,478.64.

Seven hundred and Nine returned single young men were sheltered

in the Lodge during the year 6,329 nights and received 19,916 meals at a cost of \$3,989.17 (included in Homeless Poor of Toronto).

Meals supplied are as follows:

Breakfast—Bread and butter and tea, oatmeal porridge, sugar and milk.

Dinner—Meat stew, bread and tea, rice pudding with sugar.

Tea—Bread and butter and tea, marmalade, jam or honey.

The total number of meals supplied Casuals, including those who slept in the Ward and those who came in for meals only was 67,270, at a cost of 6½c. per meal.

By direction of the Board all Wayfarers from outside municipalities and all homeless poor of the City were permitted to remain in the Wards continuously, where necessary, during the winter months. From 185 to 215 persons availed themselves daily of this privilege.

We wish to record our sincere appreciation of the hearty co-operation of Chief Draper and his Staff in directing all Wayfarers to the Lodge during this period, thus relieving, absolutely, the Police Stations from the necessity of caring for this class.

A large number of able-bodied men refused to work in return for shelter and meals and a few were in consequence brought before the Magistrate by Chief Draper and sentenced to a term in jail, this action effectively improving the conduct and demeanor of those being cared for.

It is also worthy of note that 250 men were procured situations through the efforts of this House, 160 being placed on Farms, 65 on Railway work (extra gangs), 25 bush men. Many recipients of aid expressed themselves as grateful for the opportunity of securing work.

At the request of His Worship, The Mayor, Casuals were admitted until 11.30 p.m.

All those who have had the management of the Lodge have given faithful and satisfactory service.

OUTDOOR RELIEF REPORT 1929—1930

“We should have a piteous heart for at all times the road is hard and those with whom we travel will need our help.”

A record has closed ninety-three years of work for the poor and unfortunate who have come and gone. Perhaps the past year has been

one of the most trying. Many people have been out of employment requiring assistance who never knew what it was to be in real want before. The amount of relief given was much larger than in former years, thus entailing a very much larger expenditure. Gratitude is the word that the Board would write here that they were permitted to pass on so much to relieve so many worthy citizens in their time of distress and because of the want of work.

It may be interesting to mention that during the past year we have had enquiries from Canadian as well as some Cities across the border, requesting information as to our system of giving Relief. The ample accommodation of offices and waiting rooms for applicants is provided without cost to the City as well as the labor entailed in parcelling groceries and other work in connection with Outdoor Relief. The purchase of supplies at wholesale and manufacturers' prices enables the House to effect a large saving in all Departments, but more particularly in connection with Outdoor Relief.

It is significant to note that among the applicants for Relief 397 were holders of Liquor Permits. Permits were held in office during the time applicants received Relief. After careful investigation, 158 of these were refused assistance as monies used for excessive purchases of Liquor should have been employed in purchase of food. All applications made for Relief, personally or by any one interested in a case, receive prompt and immediate attention, assistance being given without delay and investigation made by one of our trained investigators. In cases of sickness and great destitution food and fuel are delivered within an hour or two after the attention of the Superintendent has been drawn to the case. Great care is taken to relieve distress without embarrassment to the applicant and delivery of supplies are made by truck, no parcel containing any distinguishing mark upon it.

During the past year 4,622 families were assisted, as compared with 3,470 for the previous year, showing an increase of 1,152 families.

The following statement of families assisted, with cost of supplies for the past few years, may be of interest.

There were five Investigators employed by the House up to the 1st of December, when the number was increased to seven for the balance of the Winter months.

The Investigators made 16,908 written reports, 11,745 being on Civilian Cases and 5,153 on Soldier Cases.

The number of applicants refused relief for various reasons, after thorough investigation, was 411, of whom 318 were Civilian and 93 Soldier.

588 letters were written to different agencies engaged in Social Service work from this office during the year.

1,675 families were given relief for the first time.

REPORT OF VISITING PHYSICIAN
HOUSE OF INDUSTRY, TORONTO
FOR THE YEAR ENDING MARCH 31, 1930

At the close of the Official Year, 31st March, 1930, there were 115 Inmates in the House, 80 men and 35 women.

Applicants for admission to our Institution have nearly all endured lives of anxiety, privation and strain of various kinds and nearly all show marked evidence of cardio-vascular disease or chronic debilitating conditions, and the quiet routine of the House usually benefits their condition, and many undoubtedly have their lives prolonged.

There is a general spirit of happiness on the part of those for whom we are responsible, though many lie bed-ridden for weeks at a time.

The relationship established with the Superintendent of the Toronto General Hospital, whereby those who suffer from acute illness are taken into the Hospital to be returned to us on recovery, still continues, and we find it possible to take from all the Hospitals of the City several of those who have no homes to go to following their period of treatment in the Hospital.

Sixteen of our Inmates have gone to the Hospital under these conditions and 14 have been received.

Died, 23—14 men and 9 women.

At the present time, both men's and women's infirmaries are fairly well filled with infirm patients demanding a good deal of attention.

Respectfully submitted,

CHARLES J. COPP,

Attending Physician

REPORT ON THE AUDIT OF THE BOOKS
AND ACCOUNTS

FOR THE YEAR ENDED 31st MARCH, 1930

Department of Audit, City Hall,
Toronto, 8th August, 1930.

The Chairman,
and Members of the Board of Management,
of the House of Industry, Toronto.

Dear Sirs:

I have to report that in accordance with the request of your Board and on the instructions contained in the Minutes of the meeting of the Board of Control, which was held on 30th May, 1923, I have made an audit of the books and accounts of the House of Industry for the year ended 31st March, 1930.

I attach hereto the following Statements and Schedules:

Balance Sheet as at 31st March, 1930, and comparison with 1929.

Revenue Account for year ended 31st March, 1930, and comparison with 1929.

Expenditure for Supplies and Department Expenses year ended 31st March, 1930, and comparison with 1929.

Surplus Account year ended 31st March, 1930.

Statement of Investments as at 31st March, 1930.

Included in the Expenditure for the year is an item of \$1,000.00 for medical and hospital bills in connection with the illness of the former Superintendent, the late Mr. A. Laughlen.

Inventories of Materials and Supplies on hand as certified by the Superintendent were produced as of the date of the Balance Sheet. These were priced at cost. There is a difference of \$538.88, due to shrinkage in weight, as between the inventory and book values.

The Investments were verified by inspection or by certificate. Among these is an item shown at a nominal valuation of one dollar representing a \$2,000.00 endowment, the income only of which is payable to the Institution, in the Mary Pollard Trust.

In the absence of more definite information Land and Buildings have been taken into account at the 1925 assessed value. I have not examined the title deeds at the Registry Office. Additions to Buildings for the year amounted to \$2,737.90.

All the information and explanations I have required have been furnished and I certify that, in my opinion, the accompanying Balance Sheet is properly drawn up so as to show the correct financial position of the House of Industry as shown by the books as at the 31st March, 1930.

Yours very truly,

SHOLTO C. SCOTT,

City Auditor.

SUPERINTENDENT'S REPORT

INMATES

“In faith and hope the world will disagree, but all mankinds’ concern is Charity.”

The majority of our inmates are Old and Infirm. The Pensioner takes kindly to our Institution, and the Managers feel that they have discovered the method of taking care of those who in their time were the builders of the Empire. We have at the present time 54 who are in receipt of Twenty Dollars monthly Old Age Pension, of which they pay \$15.00 per month for their maintenance. These people, in their declining years, express a great deal of pleasure and gratitude for being independent and self-supporting. Since the granting of Old Age Pensions seven have crossed the Great Divide.
